

FISCAL NOTE

SB 1795 - HB 1441

March 20, 2007

SUMMARY OF BILL: Requires a health care provider to inform a parent or legal guardian prior to furnishing contraceptive supplies or contraceptive procedures to a minor.

ESTIMATED FISCAL IMPACT:

Other Fiscal Impact – Decrease Federal Revenues - \$6,000,000

Assumptions:

- The Department of Health Family Planning Program receives federal grant funds of \$6,000,000 annually through Title X of the Public Health Services Act.
- Section 8 of the federal *Program Guidelines for Project Grants for Family Planning Services* states “Title X projects may not require written consent of parents or guardians for the provision of service to minors. Nor can the project notify parents or guardians before or after a minor has requested and received Title X family planning services.”
- The Department would need an increase in revenues of \$6,000,000 to continue providing services through the Family Planning Program at the current level.
